ABOUT COMPANY

Welcome to Triyog Innovation Pvt Ltd, a leader in driving innovation through Information and Communication Technology (ICT) across the development sector. We are committed to transforming industries with cutting-edge ICT solutions, addressing challenges in areas such as public health, urban development, education, and finance. Whether through strategic consultancy or hands-on development, our mission is to empower communities and foster sustainable growth by implementing innovative solutions where they matter most.

Shaping the future by transforming today's technology into innovative solutions that drive progress and empower change.

OUR MISSION

At Triyog Innovation, our mission is to harness the power of technology to drive meaningful development and empower stakeholders through innovative ICT solutions. We collaborate with esteemed multilateral funding agencies to execute transformative projects, building a better future by leveraging today's technology for sustainable and impactful change.

Innovation is the bridge between challenges and solutions, and we are committed to crossing it for a better tomorrow.

WHY TRIYOG INNOVATION?

Expertise Across Sectors

Triyog Innovation is recognized as a top-tier consultancy firm, offering comprehensive ICT solutions that address a wide range of development challenges. Our proven track record in executing large-scale projects sets us apart as a leader in the field.

Innovation at the Core

We believe in the power of innovation to drive positive change. Our commitment to pushing the boundaries of what's possible positions us as a forward-thinking ICT solutions provider, delivering tailored solutions to meet the evolving needs of stakeholders.

Global Collaboration with Governments and NGOs

Trusted by multilateral funding agencies, we collaborate with governments and NGOs worldwide to execute projects that make a meaningful impact. Our global reach ensures that our ICT solutions are adaptable to local contexts and deliver tangible results.

OUR SERVICES

Triyog Innovation excels in delivering a diverse range of ICT services tailored for the development sector, including:

Digital Health Solutions

Our innovative digital health solutions are designed to address public health challenges, improve healthcare delivery, and enhance outcomes. We are recognized as key players in the health sector for delivering impactful and transformative solutions.

ICT Advancements

We specialize in core ICT solutions that drive technological innovation across various industries. Our expertise includes system integration, cloud computing, software development, and IT infrastructure management, enabling organizations to enhance operational efficiency and adapt to the rapidly evolving digital landscape.

OUR SERVICES

Urban Development Initiatives

We execute visionary projects that contribute to sustainable urban development by leveraging Geographic Information Systems (GIS), smart technologies, and data-driven solutions. Our expertise in large-scale government projects enables us to deliver innovative urban planning and management solutions that help cities thrive in a rapidly evolving world.

Educational Innovations

We provide cutting-edge ICT solutions to transform educational systems and foster e-learning environments. Our expertise helps improve access to quality education, drawing from our success in executing large-scale government projects.

Financial Technologies

We revolutionize the finance sector with innovative ICT solutions that ensure secure and efficient financial services. Our track record in delivering solutions for diverse communities reflects our commitment to driving progress through technology in financial services.

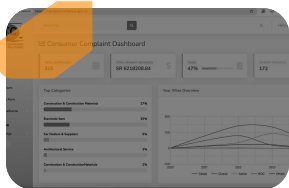

PROJECT PORTFOLIO

Monitoring & Evaluation - Mano River Union Road Development & Transport Facilitation Programme Phase II

VISIONRI / MINISTRY OF PUBLIC WORKS, LIBERIA

Triyog Innovations Pvt Ltd provided MIS Expert services, including updating the existing MIS, training MPW staff, and ensuring efficient data management. This project aimed to enhance healthcare delivery and public health outcomes.

Technical Assistance - Economic Partnership Agreement Implementation in Seychelles

SEYCHELLES REVENUE COMMISSION AND FAIR TRADING COMMISSION

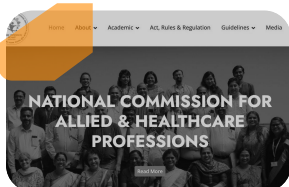

Triyog Innovations Pvt Ltd served as the IT Developer Partner, developing Market Surveillance Software, enhancing the Tax Management System, and providing capacity-building for the Seychelles Revenue Commission and Fair Trading Commission.

Master Line List (MLL) Generation

I-TECH / MINISTRY OF HEALTH & FAMILY WELFARE

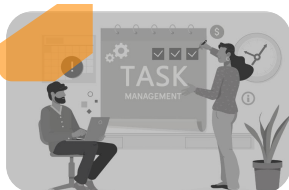

Triyog Innovations Pvt Ltd provided technical support for generating the Master Line List (MLL) for key divisions of the National AIDS Control Organisation (NACO). The project involved creating scripts to generate and store beneficiary-level data for roll-up at various administrative levels and optimizing system performance to ensure quick response times.

Website Development and Technical Support

NATIONAL COMMISSION FOR ALLIED AND HEALTHCARE PROFESSIONS (NCAHP)

Triyog Innovations Pvt Ltd developed a comprehensive website for NCAHP, the Indian regulatory body for allied and healthcare professionals. The website serves as a regulatory platform covering all AHP not covered under other national medical councils, grouping them into ten categories. The website is affiliated with the Ministry of Health and Family Welfare and is headquartered in New Delhi.

Design and development of Task Management Portal

MINISTRY OF STEEL, GOVERNMENT OF INDIA

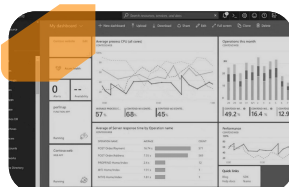

Triyog Innovations Pvt Ltd developed a task management portal to streamline internal operations. The portal included task allocation, progress tracking, deadline management, and reporting capabilities, enhancing productivity and collaboration among the Ministry's staff.

Integration of Unique IDs and National Programs

I-TECH / MINISTRY OF HEALTH & FAMILY WELFARE

Triyog Innovations Pvt Ltd supported the integration of Unique IDs (ABHA ID) with NACO's SOCH application and upgraded the system's Angular version from 8 to 17. The project included integrating national programs such as NTEP (TB), NVHCP (Hepatitis), and others, alongside ongoing maintenance and custom development for the system.

Microsoft Azure Virtual Machine & Technical Support for NACO

I-TECH / MINISTRY OF HEALTH & FAMILY WELFARE

Triyog Innovations Pvt Ltd provided Microsoft Azure Virtual Machine services based on specific technical requirements, along with ongoing technical support. This project ensured NACO's systems were hosted securely and efficiently, providing scalable solutions for their IT infrastructure.
